

Sustainable Fashion Story | #STAYHOME

“Stay at Home” –they said.

At our four walls,

THE SILENCE...

The fear.

... more love than ever.

*We took out the dust on our white canvas,
we draw the traces of our freedom.*

Illusions of what we had.

We were so happy!

“Everything is going to be alright” – they said.

We all learnt

*how fragile we are,
how happy we were.*
